

GAJULA ESHWAR

Warangal, Telangana | 8639470630 | eshwar4276@gmail.com

Objective

Motivated computer science undergrad seeking internship or entry-level position to apply programming skills and contribute to a dynamic team environment.

Experience

BOLT IOT | Project Intern | 2023

- Developed and implemented IoT projects using BOLT hardware, showcasing hands-on experience in hardware interfacing and programming.
- Collaborated with cross-functional teams to design and execute solutions for real-world problems using BOLT's IoT platform.
- Demonstrated effective communication skills by presenting project progress and outcomes to team members and stakeholders.

Education

JAWAHARLAL NEHRU TECHNOLOGICAL UNIVERSITY HYDERABAD,	2020-2024
SVS GROUP OF INSTITUTION, BHEMARAM	
Computer Science Engineering (pursuing)	
TELANGANA STATE BOARD OF INTERMEDIATE EDUCATION,	2018-2020
SHIVANI JUNIOR COLLEGE, BHEMARAM	
MPC - 73%	

Skills

Soft Skills: Problem solving, Communication, Creative Thinking

Programming Languages: Python, JavaScript, C#, Py torch, TensorFlow

Web Dev: Frontend Development, Web Design

Data Analysis & Visualization

Certifications

- Responsive Web Design([freecodecamp](#))
- JavaScript Algorithms & Data Structures([freecodecamp](#))
- Front End Development Libraries([freecodecamp](#))
- Data Visualization ([freecodecamp](#))
- Data Analysis ([freecodecamp](#))
- Scientific Computing with Python ([freecodecamp](#))
- Foundational C# with Microsoft ([freecodecamp](#))

Projects

Handwritten Digit Recognition Using Transfer Learning

- Worked as the Front-end Developer

Optical Character Recognition Using Transformer

- Worked as a member and Editor

Image Captioning Using Transformer

- Creator of the project
